Re: **Extension of the National Maintenance Agreement Covering the Province of Manitoba**

Dear Member,

Please be advised that the Manitoba National Maintenance Agreement has been extended for an additional six (6) months, "as is," with no changes to the agreement until November 30, 2018.

However, the following is understood and forms part of the term extension:

Accommodation allowance described in Articles 14.100 (b), 14.400 (b) and item number 2 of Appendix "D" will be increased to \$138.00.

Mileage amounts listed in Articles 14.100, 14.200, 14.300, 14.400, 14.500 and 14.600 will be .54¢ per road kilometer and will remain as is until further notification.

Please advise your Local Union Representative of the result.

Regards,

Brett McKenzie
Executive Director
