Re: Extension of the Redpath Sugar Ltd., General Presidents' Maintenance Agreement

Dear Member:

After appropriate consultation and discussion with our signatory employer Sutherland-Schultz, Ltd., the General Presidents' Maintenance Committee for Canada has determined to extend the current Redpath Collective Agreement "as is" with no changes until further notification.

The Parties will be scheduling future bargaining dates and a communication outlining the Terms of Settlement will be distributed once a settlement has been reached.

I would ask for the Committee Members to notify their local union representatives accordingly.

Regards,
