Re: **Extension of the Saskatchewan National Maintenance Agreement**

Dear Member:

After appropriate consultation and pursuant to our meeting in Regina, SK on, June 28, 2017 the National Maintenance Council for Canada and Signatory Employers have agreed to extend the Saskatchewan National Maintenance Agreement 'as is' until June 30, 2018.

The National Maintenance Council for Canada is committed to positioning its signatory employers for success within the contract maintenance industry and remind the employers that they have the ability to make an application to the Standing Sub-Committee under Article 24.300 should they require any assistance with meeting the needs of specific projects or industry sectors or regions.

Please advise your Local Union Representative of this result.

Regards,
